- (vi) As informed to us, there are no laws that are specifically applicable to the Company based on its sector/industry.

We have also examined Secretarial Standards issued by The Institute of Company Secretaries of India;

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except following:

1. *As per the SEBI (Prohibition of Insider Trading) Regulations, 2015, the Company certifies that it has maintained a Structured Digital Database (SDD) in compliance with the prescribed norms, capturing all necessary details related to the sharing of Unpublished Price Sensitive Information (UPSI). However, despite this, the Company has been marked as 'SDD Non-Compliant' on the BSE portal, possibly due to procedural lapses such as non-submission of the SDD Compliance*

Certificate in the prescribed format or within the stipulated timeline.

2. *Pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is required to submit its half-yearly and annual audited financial results to the stock exchanges within 60 days from the end of the financial year, and to make an announcement within 30 minutes of the conclusion of the Board Meeting in which the financial results are approved. However, the Company did not submit the financial results for the half-year and year ended 31st March 2025 within the prescribed timeline. Nevertheless, the financial results were submitted prior to the date of this report.*
3. *The Corporate Identification Number (CIN) should have been updated in the Master Data records of the Ministry of Corporate Affairs (MCA) to reflect its status as a listed public company. However, the CIN continues to begin with 'U', indicating an unlisted status, and has not yet been updated to begin with 'L' as required for listed entities.*
4. *During the financial year 2024–25, the Company borrowed funds from a third party, which qualifies as a deposit under applicable regulations. However, the Company did not comply with the relevant provisions governing such deposits.*
5. *As on 31st March, 2025 there is an amount outstanding under the head “Loan to Director” which is prohibited under Section 185 of the Companies Act, 2013.*

Besides that, the Company needs to streamline and update the website of the Company in compliance with the requirement of SEBI (LODR Regulations) 2015.

We further report that after end of the financial year 2024-25 before the date of board report, The BSE has imposed fine upon the company due to delay in financial results for the half year and year ended 31st March, 2025.

We further report that after end of the financial year 2024-25 before the date of board report, Mr. Amit Kapariya as Additional Executive Director and Ms. Reeta Devi were appointed as Additional Non-Executive director at the board meeting held on 15th April, 2025. However The Company was unable to file Form DIR-12 in a timely manner due to technical issues encountered on the MCA portal, specifically related to the non-registration of the Digital Signature Certificate (DSC) of the concerned director(s). As a result, the filing process was delayed despite efforts to comply with the statutory requirements.

We further report that:

The Board of Directors of the Company is duly constituted with the proper balance of the Executive Directors, Non-Executive Directors, and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The majority decision is carried unanimously while the dissenting members' views if any are captured and recorded as part of the Minutes.

We further report that there are adequate systems and processes commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines.

We further report that during the period under review, the Company has passed following special resolutions:

MANAGEMENT DISCUSSION AND ANALYSIS**GLOBAL ECONOMY OVERVIEW**

The global economy exhibited steady yet uneven growth across regions in 2024. A notable trend was the slowdown in global manufacturing, especially in Europe and parts of Asia, due to supply chain disruptions and weak external demand. In contrast, the services sector performed better, supporting growth in many economies. Inflationary pressures eased in most economies. However, services inflation has remained persistent. Although commodity prices have stabilised, the risk of synchronised price increases persists. With growth varying across economies and last-mile disinflation proving sticky, central banks may chart varying paths of monetary easing. This will lead to uncertainty over future policy rates and inflation trajectories. This apart, geopolitical tensions, ongoing conflicts, and trade policy risks continue to pose significant challenges to global economic stability.

INDIAN ECONOMY IN CONTEXT OF THE GLOBAL ECONOMY

India displayed steady economic growth. As per the first advance estimates of national accounts, India's real GDP is estimated to grow by 6.4 per cent in FY25. Growth in the first half of FY25 was supported by agriculture and services, with rural demand improving on the back of record Kharif production and favourable agricultural conditions. The manufacturing sector faced pressures due to weak global demand and domestic seasonal conditions. Private consumption remained stable, reflecting steady domestic demand. Fiscal discipline and strong external balance supported by a services trade surplus and healthy remittance growth contributed to macroeconomic stability. Together, these factors provided a solid foundation for sustained growth amid external uncertainties.

INDIAN ECONOMY OVERVIEW WITH FOCUS ON AGRICULTURE & ALLIED SECTORS

The domestic economy remains steady amidst global uncertainties. As per the first advance estimates released by the National Statistical Office, Ministry of Statistics & Programme Implementation (MoSPI), the real gross domestic product (GDP) growth for FY25 is estimated to be 6.4 per cent. From the angle of aggregate demand in the economy, private final consumption expenditure at constant prices is estimated to grow by 7.3 per cent, driven by a rebound in rural demand. PFCE as a share of GDP (at current prices) is estimated to increase from 60.3 per cent in FY24 to 61.8 per cent in FY25. This share is the highest since FY03. Gross fixed capital formation (GFCF) (at constant prices) is estimated to grow by 6.4 per cent.

On the supply side, real gross value added (GVA) is also estimated to grow by 6.4 per cent. The agriculture sector is expected to rebound to a growth of 3.8 per cent in FY25. The industrial sector is estimated to grow by 6.2 per cent in FY25. Strong growth rates in construction activities and electricity, gas, water supply and other utility services are expected to support industrial expansion. Growth in the services sector is expected to remain robust at 7.2 per cent, driven by healthy activity in financial, real estate, professional services, public administration, defence, and other services. The analysis of growth trends in this chapter, hereinafter, is mostly based on the trends in the first half (H1) of FY25, on which the information base is more comprehensive.

Growth in H1 FY25 driven by agriculture and services sector 1.28 The real GVA grew by 6.2 per cent in H1 FY25. A strong growth momentum in Q1 FY25 was followed by a subdued performance in Q2 FY25. The agriculture and services sectors emerged as key growth drivers during this period. However, the overall growth was tempered by moderation in industrial growth, particularly in manufacturing, which faced challenges from slowing global demand and supply chain disruptions. Improved agricultural prospects in FY25 1.29 Agriculture growth remained steady in H1 FY25, with Q2 recording a growth rate of 3.5 per cent, marking an improvement over the previous four quarters. Healthy Kharif production, above-normal monsoons, and an adequate reservoir level supported agricultural growth.

As per the first advanced estimates of agricultural production for 2024-25, total Kharif food grain production is estimated at a record 1647.05 lakh metric tonnes (LMT), higher by 5.7 per cent compared to 2023-24 and 8.2 per cent higher than the average food grain production in the past five years. The estimated increase is mainly on account of the rise in rice, maize, coarse grains and oilseeds output. A normal southwest monsoon in 2024 has improved the water levels in reservoirs, ensuring sufficient water for irrigation during the rabi crop production. As of 10 January 2025, rabi sowing of wheat and gram was 1.4 per cent and 0.8 per cent higher, respectively, compared to the previous year. Improved agricultural prospects also bode well for softening of food inflation pressures over the course of the year.

AGRICULTURAL SECTOR

India's agriculture sector is a high-growth investment opportunity with increasing exports, technological advancements, and government support, offering potential for sustainable and profitable returns. Agriculture, with its allied sectors, is unquestionably the largest livelihood provider in India, more so in the vast rural areas. It also contributes a significant figure to the Gross Domestic Product (GDP). Sustainable agriculture, in terms of food security, rural employment, and environmentally sustainable technologies such as soil conservation, sustainable natural resource management and biodiversity protection, are essential for holistic rural development. Indian agriculture and allied activities have witnessed a green revolution, a white revolution, a yellow revolution and a blue revolution. India's agricultural sector has demonstrated remarkable resilience in recent years, marked by consistent growth rates. This stability can be largely attributed to various government initiatives to enhance productivity, promote crop diversification, and increase farmers' income.

A crucial factor influencing agricultural performance is the impact of weather conditions. Climate variability can present significant challenges; however, farmers with diverse income streams are better positioned to navigate these uncertainties. Allied activities such as animal husbandry, fisheries or agroforestry, can enable the farmers to mitigate the risks effectively. Various government initiatives are specifically designed to address these challenges.

The 'Agriculture and Allied Activities' sector has long been the backbone of the Indian economy, playing a vital role in national income and employment. This sector contributes approximately 16 per cent of the country's GDP for FY241 (PE) at current prices and supports about 46.1 per cent of the population. Not only does its performance directly impact food security, but it also influences other sectors, sustaining livelihoods and supporting economic growth. 9.2 In recent years, the agriculture sector in India has shown robust growth, averaging 5 per cent² annually from FY17 to FY23, demonstrating resilience despite challenges. 9.3 In the second quarter of the FY25 year, the agriculture sector recorded a growth rate of 3.5 per cent³. This performance represents a recovery compared to the previous four quarters, during which growth rates varied from a modest 0.4 per cent to 2.0 per cent.

The recent rise in growth rate can be attributed to improved conditions, potentially driven by favourable weather patterns, advancements in agricultural practices, and government initiatives to enhance productivity and sustainability within the sector. Assured remunerative prices, improved access to institutional credit, crop diversification, support for sustainable practices, and enhancement in productivity have played a crucial role in the sustained growth observed. Riding on good monsoon,

kharif food grain production in 2024 is projected at 1647.05 Lakh Metric Tonnes (LMT), suggesting an increase of 89.37 LMT compared to the previous year and 124.59 LMT above the average kharif food grain output4 bodes well for food security. Agricultural income has increased at 5.23 per cent annually over the past decade, compared to 6.24 per cent for non-agricultural income and 5.80 per cent for the overall economy.

The Union Budget 2025-26 reflected the government's continued commitment to bolstering agricultural sector and improving the livelihoods of farmers across India. The budget includes several significant allocations aimed at enhancing agricultural productivity and supporting farmers.

Union Budget Financial Year 2025-26 – Highlights for the agriculture sector

- Announced the Prime Minister Dhan-Dhaanya Krishi Yojana' in partnership with states covering 100 districts to increase productivity, adopt crop diversification, augment post-harvest storage, improve irrigation facilities, and facilitate availability of long-term and short-term credit.
- A comprehensive multi-sectoral 'Rural Prosperity and Resilience' programme will be launched in partnership with states to address underemployment in agriculture through skilling, investment, technology, and invigorating the rural economy. The goal is to generate ample opportunities in rural areas, with focus on rural women, young farmers, rural youth, marginal and small farmers, and landless families.
- Government will launch a 6-year "Mission for Aatmanirbharta in Pulses" with special focus on Tur, Urad and Masoor. Central agencies (NAFED and NCCF) will be ready to procure these 3 pulses, as much as offered during the next 4 years from farmers.
- The budget outlined measures to Comprehensive Programme for Vegetables & Fruits, National Mission on High Yielding Seeds, and a five-year Mission for Cotton Productivity amongst other measures to promote agriculture and allied activities in a major way.
- Increase in loan limits from ₹ 3 lakh to ₹ 5 lakh for loans taken through Kisan Credit Cards under modified interest subvention scheme.

With agricultural output poised to rise due to the factors discussed, we remain confident in the sector's growth trajectory and the new opportunities it will unlock.

OPPORTUNITIES AND STRENGTHS

- 1) India's expanding population is driving a substantial demand for food and agricultural products. Meeting this demand requires enhanced agricultural productivity and a more efficient supply chain.
- 2) The country's diverse agro-climatic zones enable the cultivation of a wide variety of crops, offering farmers opportunities to boost their income through crop diversification.
- 3) The rising interest in organic farming and sustainable agriculture positions India to become a global leader in this space, tapping into the increasing international demand for organic products.
- 4) Agro-forestry and agro-tourism present promising avenues for supplementary farmer income. With proper investment, these sectors can promote sustainable land use and rural development.
- 5) Government initiatives such as the Pradhan Mantri Fasal Bima Yojana, Pradhan Mantri Krishi Sinchai Yojana, and e-NAM are transforming the agricultural landscape. These programs provide farmers with access to crop insurance, irrigation infrastructure, and digital market platforms, helping improve productivity and profitability.
- 6) Robust Research & Development (R&D) Capabilities: The Company's strong emphasis on research and development has been instrumental in driving innovation and maintaining a competitive edge. R&D efforts are primarily focused on enhancing existing products by improving yields and optimizing process efficiencies. Additionally, the Company actively explores high-growth areas to expand its innovation pipeline. Through its subsidiary, Astec LifeSciences Limited, the Company leverages advanced R&D capabilities in agrochemical active ingredients. Strategic investments are also being made in developing cutting-edge technologies to broaden the product portfolio across various business segments.

THREATS, RISKS & CONCERNS

- 1) Climate and Environmental Risks: Unpredictable weather patterns (droughts, floods, heatwaves) due to climate change, Soil degradation and loss of fertility from overuse of chemical fertilizers and poor land management. Water scarcity and inefficient irrigation practices. Declining biodiversity due to monoculture farming and habitat loss.
2. Economic and Market Risks: Price volatility of agricultural commodities, dependence on middlemen, leading to reduced profit margins for farmers. Limited access to formal credit and financial services. High input costs (seeds, fertilizers, machinery) with fluctuating returns.
3. Infrastructure and Supply Chain Challenges: Inadequate storage and cold chain facilities, leading to post-harvest losses. Poor rural connectivity and logistics infrastructure. Limited access to modern technology and mechanization. Fragmented land holdings, making large-scale farming inefficient.
4. Policy and Regulatory Risks: Inconsistent agricultural policies across states. Delays in subsidy disbursement and insurance claims. Lack of awareness and access to government schemes. Trade restrictions and export bans affecting market access.

5. Social and Demographic Concerns: Aging farming population and youth migration to urban areas. Low levels of education and training among farmers. Gender disparities in land ownership and access to resources. Farmer distress and mental health issues, sometimes leading to suicides.

6. Technological and Innovation Gaps: Slow adoption of precision agriculture, AI, and data analytics. Limited R&D in certain crop categories and allied sectors. Digital divide in rural areas affecting access to agri-tech solutions.

INTERNAL CONTROL SYSTEMS

The Company does not have any formal internal audit system. The internal policies of the Company ensure efficient use and protection of assets and resources, compliance with policies and reliability of the financial and operational reports. The management is taking steps to introduce the internal audit system commensurate with the size and nature of the business of the company. The Audit Committee of the Board of Directors deals with the adequacy of internal controls and budgeting functions.

FINANCIAL PERFORMANCE

During the year, your Company recorded a turnover of ₹1,228.12 million. While the Company reported a loss for the financial year, it continued to make operational improvements aimed at long-term value creation. The Board remains committed to driving revenue growth and enhancing operational efficiency. With focused efforts on market expansion, and cost optimization, the Company is well-positioned to capitalize on future opportunities and strengthen its financial performance in the coming years.

HUMAN RESOURCES

The Company continued to have cordial and harmonious relations with its employees during the year under review.

FOREIGN CURRENCY RISKS

Volatility in global economies have become the new common in recent times and since company has less exposure to foreign revenue, risk is low in our case. However, the company has a defined policy for managing its foreign exchange exposure minimizing the currency risk which results in stable earnings.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information and other information in the Company's annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation

of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, We are required

to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended 31st March, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2) (A) As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act, read with companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **“Annexure B”**.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has no pending litigations as at the end of the year;

 - 2) The management has represented that, to the best of its knowledge and belief, as disclosed in Note no. 28 (h) to the financial statement, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party

("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

3) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v) During the year company has not declared or paid any dividend so section 123 of Companies Act 2013 is not applicable.

vi) Based on our examination which included test checks, performed by us on the Company, have used accounting software for maintaining their respective books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of audit, we have not come across any instance of the audit trail feature being tampered with.

h) According to the information and explanation given to us, during the current year, no remuneration is paid by the company to its directors hence section 197(16) of Companies Act, 2013 is not applicable.

ANNEXURE B
TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Dhyaani Tradeventtures Limited ("the Company") as of 31st March, 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that We comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. We believe that the audit evidence We have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, merge, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has an **inadequate** internal financial controls system over financial reporting and they were not properly operating based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

DHYAANI TRADEVENTTURES LIMITED

(CIN: U51900GJ2014PLC081004)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

A. Company Overview

Dhyaani Tradeventtures Limited ("the Company") is public limited company and domiciled in India and is incorporated as per the provisions of the Companies Act 2013 with its registered office located at Block-D, 101, Prahladnagar Trade Center, B/H Titanium City Center, Radio Mirchi Road, Jodhpur Char Rasta, Ahmedabad, Ahmadabad City, Gujarat, India, 380015. The Company is listed on the Bombay Stock Exchange (BSE). The company engage in the trading business of commodities.

B. Significant Accounting Policies

B.1 Basis of Preparation and Presentation

B.1.1 Statement of Compliance

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) Amendment Rules, 2016. The financial statements up to year ended March 31, 2025 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act. Previous period figures in the financial statements have been restated in Ind AS.

B.1.2 Basis of Measurement

The standalone financial statements have been prepared on a historical cost basis, on the accrual basis of accounting except for certain financial assets and liabilities measured at fair value at the end of each reporting period, as explained in relevant schedule notes.

B.1.3 Functional and presentation currency

Indian rupee is the functional and presentation currency.

B.1.4 Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions.

These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements are:

- Useful lives of Property, plant and equipment
- Valuation of financial instruments
- Provisions and contingencies
- Income tax and deferred tax
- Measurement of defined employee benefit obligations
- Export Incentive

B.2 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

B.2.1 Sale of Goods

Revenue from sale of goods is recognized when the Company transfers all significant risks and rewards of ownership to the buyer, while the Company retains neither continuing managerial involvement nor effective control over the products sold.

Revenue is exclusive of excise duty and is reduced for estimated customer returns, commissions, rebates and discounts and other similar allowances.

B.2.2 Other Operating Revenue

Other Operating Revenue comprises of income from ancillary activities incidental to the operations of the company and is recognised when the right to receive the income is established as per the terms of contracts.

B.2.3 Dividend and Interest income

Dividend income is recognized when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably).

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable (provided that it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably).

B.3 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

B.4 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognised in profit or loss, except when they relate to items that are

recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Current tax:

Current tax is determined on taxable profits for the year chargeable to tax in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 including other applicable tax laws that have been enacted or substantively enacted.

Provisions for current income taxes are presented in the balance sheet after off-setting advance taxes paid and TDS/TCS receivables.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India. MAT Credit Entitlement, is classified as unused tax credits under deferred tax by way of a credit to the statement of profit and loss.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred tax asset is recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

B.5 Property, Plant and Equipment

Cost:

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is provided using the written down method based on the useful life of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirements of Schedule II of the Act. The estimate of the useful life of the assets has been assessed based on technical advice which considered the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal. Cost of lease-hold land is amortized equally over the period of lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss.

B.6 Impairment Losses

At the end of each reporting period, the Company determines whether there is any indication that its assets (property, plant and equipment, intangible assets and investments in equity

instruments in subsidiaries carried at cost) have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount (i.e. higher of the fair value less costs of disposal and value in use) of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount.

When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

B.7 Inventories

Inventories are taken as verified, valued and certified by the management. Inventories are stated at lower of cost and net realisable value.

Cost of inventories is determined as follows:

Shares - At lower of cost or net realizable value

B.8 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursements will be received and the amount of the receivable can be measured reliably.

Contingent liability is disclosed for possible obligations which will be confirmed only by future events not within the control of the Company or present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets are not recognized since this may result in the recognition of income that may never be realized.

B.9 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Classification of financial assets

The financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets are added to the fair value of the financial assets on initial recognition.

After initial recognition:

(i) Financial assets (other than investments) are subsequently measured at amortised cost using the effective interest method.

Effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost:

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments on principal and interest on the principal amount outstanding.

Income on such debt instruments is recognised in profit or loss and is included in the "Other Income".

The Company has not designated any debt instruments as fair value through other comprehensive income.

(ii) Financial assets (i.e. investments in instruments other than equity of subsidiaries) are subsequently measured at fair value.

Such financial assets are measured at fair value at the end of each reporting period, with any gains (e.g. any dividend or interest earned on the financial asset) or losses arising on re-measurement recognised in profit or loss and included in the "Other Income".

Investments in equity instruments of subsidiaries

The Company measures its investments in equity instruments of subsidiaries at cost in accordance with Ind AS 27. At transition date, the Company has elected to continue with the carrying value of such investments measured as per the previous GAAP and use such carrying value as its deemed cost.

Impairment of financial assets:

A financial asset is regarded as credit impaired when one or more events that may have a detrimental effect on estimated future cash flows of the asset have occurred. The Company applies the expected credit loss model for recognising impairment loss on financial assets (i.e. the shortfall between the contractual cash flows that are due and all the cash flows (discounted) that the Company expects to receive).

De-recognition of financial assets:

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of profit and loss.

Financial liabilities and equity instruments

Equity instruments

Equity instruments issued by the Company are classified as equity in accordance with the substance and the definitions of an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the "Finance Costs".

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the

financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

B.10 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

C. Critical Accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with Ind AS requires the Company's Management to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities recognised in the financial statements that are not readily apparent from other sources. The judgments, estimates and associated assumptions are based on historical experience and other factors including estimation of effects of uncertain future events that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates (accounted on a prospective basis) and recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods of the revision affects both current and future periods.

The following are the key estimates that have been made by the Management in the process of applying the accounting policies:

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

Allowance for doubtful trade receivables

Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts.

Estimated irrecoverable amounts are derived based on a provision matrix which takes into account various factors such as customer specific risks, geographical region, product type, currency fluctuation risk, repatriation policy of the country, country specific economic risks, customer rating, and type of customer, etc.

Individual trade receivables are written off when the management deems them not to be collectable.

Note 3.2 : Financial Risk Management

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational/ financial performance. These include market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings. In line with the overall risk management framework and policies, the management monitors and manages risk exposure through an analysis of degree and magnitude of risks.

(i) Market Risk

Market risk is the risk that changes in market prices, liquidity and other factors that could have an adverse effect on realizable fair values or future cash flows to the Company. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates as future specific market changes cannot be normally predicted with reasonable accuracy.

(a) Foreign Currency Risk Management:

The Company undertakes transactions denominated in foreign currencies and thus it is exposed to exchange rate fluctuations. The Company actively manages its currency rate exposures, arising from transactions entered and denominated in foreign currencies, and uses derivative instruments such as foreign currency forward contracts to mitigate the risks from such exposures. The company does not use derivative instruments to hedge risk exposure.

(b) Interest Rate Risk Management:

The Company is exposed to interest rate risk pertaining to funds borrowed at both fixed and floating interest rates. The Company's risk management activities are subject to management, direction and control under the framework of risk management policy of interest rate risk. The management ensures risk governance framework for the company through appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives

For the company's total borrowings, the analysis is prepared assuming that amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

(Rs. In Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Total Borrowings	536.02	303.22

(ii) Credit Risk

Credit risk refers to the risk that a counterparty or customer will default on its obligation resulting in a loss to the company. Financial instruments that are subject to credit risk principally consist of Loans, Trade and Other Receivables, Cash and Cash Equivalents, Investments and Other Financial Assets.

Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risk. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in independent markets. Ongoing credit evaluation is performed on the financial condition of accounts receivable and, where appropriate. The average credit period are generally in the range of 14 days to 90 days. Credit limits are established for all customers based on internal rating criteria.
